

# '22-'23 ANNUAL REPORT

## A year of growth

At the end of our last fiscal year, we set an ambitious goal to spend 10,000 hours in nature with our community. To achieve this, AWL invested in our capacity to serve by expanding partnerships, program offerings, and year-round staffing.

Throughout the year, we partnered with 34 school groups, nonprofit organizations, and municipal partners to deliver 106 unique outdoor programs, serving 1,885 participant user days. *Together, we achieved our goal for 2023, by spending 10,509 hours in nature!*

We are eager to continue this momentum into the next fiscal year, and thank you for celebrating in our success!

# RAISING FUNDS, ACCESS, & INCLUSION

We are proud to share that 2023 fundraising efforts were led by AWL values for access and inclusion. For the first time in Banff Mountain Film Festival World Tour History, Adventures Without Limits hosted this 3-day film festival with open captions, ASL interpreters, and audio description to share the world's best outdoor adventure films with a more diverse audience.

We are continuously learning on our journey towards inclusion, and are so grateful for the advocates who have supported our growth along the way.

# Building Community

This past year, building community was the name of the game as Adventures Without Limits developed several new cohort-modeled programs, designed to build skills, relationships, and deep connection to nature.

Partnering with Latino Network, we gathered a group of 10 middle school students and followed the watershed through the seasons from snowshoeing on Mt. Hood, to hiking along Tryon Creek, and camping at the Oregon Coast. This group built friendships and core memories to last a lifetime, while learning to care for Oregon’s natural resources along the way.

## COVERING THE MAP

From the sandy shipwreck of the North Coast, to the alpine lakes of Mt. Hood, and steep canyons of the Deschutes River, we've covered so many scenic landscapes of Oregon this last year. We feel so fortunate to have a multitude of recreation opportunities in our own 'backyard' and the privilege to share these spaces with folks who may have never visited otherwise.

# WE COULDN'T HAVE DONE IT WITHOUT YOUR GENEREROUS SUPPORT.

2022-2023 was another year to remember for Adventures Without Limits! We are so grateful for the opportunity to serve our community with adaptive and inclusive adventures all year round!
